Our Foundation

Everything we teach is built on three core principles that develop complete tennis players.

Movement

Athletic footwork and court coverage form the foundation of every great player. We train efficient movement patterns that become instinctive.

Discipline

Focus, consistency, and mental toughness separate good players from great ones. We build habits that transfer to school and life.

Belonging

Being part of a team creates motivation, accountability, and friendships. Players push each other to improve while having fun together.

Movement. Discipline. Belonging.

Team Divisions

Every player develops at their own pace. LBTA offers six divisions, each designed to challenge players appropriately while supporting steady growth.

10 & Under — Orange Ball

For players developing foundational movement and coordination using lower-compression balls on a 36-foot court.

Match Format: 4 singles / 2 doubles

10 & Under — Green Dot

For players transitioning to full-court tennis with green dot balls to refine stroke mechanics and basic tactics.

Match Format: 6 singles / 3 doubles

12 & Under

Focus on consistent groundstrokes, serving technique, and early tactical understanding.

Match Format: 6 singles / 3 doubles (L6/L7) or 4 singles / 2 doubles (L5)

14 & Under

Introduces advanced patterns, serve variation, and mental resilience.

Match Format: 6 singles / 3 doubles or 4 singles / 2 doubles

16 & Under

Sharpens competitive decision-making, conditioning, and playing identity.

Match Format: 4 singles / 2 doubles

18 & Under

Prepares players for high-school, college, and sectional competition through high-intensity training.

Match Format: 4 singles / 2 doubles

Within each division, teams compete in **Gold**, **Silver**, or **Bronze** brackets based on WTN (World Tennis Number). Gold teams advance to Sectionals.

Weekly Practice Schedule

All practices are 2 hours, three times per week, with consistent coaching throughout the season.

DIVISION	LOCATION	DAYS	TIME

Our Coaching Approach

At LBTA, we develop complete players — technique, mindset, and character.

"Our mission goes beyond creating better tennis players. We teach confidence, resilience, and a lifelong love of the sport."

— Andrew Mateljan, LBTA Director

Technical Development

Age-appropriate instruction emphasizing efficient mechanics and personalized learning.

Competitive Training

Live-point play that translates skills into strategy and composure.

Character Building

Sportsmanship, discipline, and accountability — win with class, lose with perspective.

Team Experience

The motivation and joy of belonging to a team that private lessons cannot provide.

Your Coaching Team

Andrew Mateljan (LBTA Director, ATP/WTA experience), **Coach Kevin**, and **Coach Andy** — consistent presence every session.
